The Bird That Flies Longest. J. Lancaster, naturalist, who spent five years on the west coast of Florida studying birds there, came to the conclusion that of all the feathered tenants of the air the frigate bird can fly the longest without resting. He has seen one flying for a whole week night

and day without repose.

The frigate bird can feed, collect materials for its nest and even sleep on the wing. Apparently its wings can be controlled automatically, without the power of its will, and it probably adapts itself to take advantage of the upward or bearing force of the wind. The spread of the frigate bird's wing is great, and it.cam'fly at a speed of ninety-six miles an hour, without seemlag to flap its wings much.

Proving Polarization.

The polarization of the human body can be proved by allowing a strong current to flow through the body from one end to the other, the hands being placed in two basins connected with the poles. The hands are then dried and placed in two other basins of water connected with the wires of a dellcate galvanometer. A current in the reverse direction to the original one is then found to flow from the body.

Johnson on Poverty.

Poverty, my dear friend, is so great an evil and pregnant with so much temptation and so much misery that I cannot but earnestly enjoin you to avoid it. Live on what you have; live if you can on less. Do not borrow either for vanity or pleasure; the vanity will end in shame and the pleasure in regret.—Samuel Johnson.

Woman's Intuition.

Tess-Yes; I guess it's because he never said anything flattering to her. Jess-More likely he did say some thing flattering and she's trying to make herself believe he was in carnest. -Philadelphia Press.

More Harmful Than Alcohol

Overeating Worst Form of Intemperance.

If your food is undigested. you are un-If your food is undigested. you are underfed, no matter how much you eat. And the underfeed man is, to the extent of the underfeeding, crippled for the battle of life. On the other hand, there is such a thing as overeating. The harm done by indigestion caused by overloaded stomachs exceeds that from the increased heart beats caused by the use of alcohol or whiskey.

Eat as much good food as you need but don't overload the stomach. If your stomach is weak it may refuse to digest what you cat. Then you ought

Then you ought to use a good digestant like Kodol Dyspensia Cure, which digests what you cat without the stomach's aid. This rest and the wholesome tonics contained in Kodol Dyspensia Cure soon restore health. You don't have to diet. Don't eat too much. That's harmful. But eat enough and of sufficient variety. Kodol Dyspensia Cure will digest it. It quickly relieves the sensation of fulness and bloating from which some people suffer after meals. It prevents belching and absolutely cures indigestion and other stomach troubles. Equally good for children.

Lemuel James, Marysville, O. asys: "I suffered from dyspensia for thirty years but a few bottles of Kodol Dyspensia Cure completely cured me and I heartily recommend it to all sufferers from this disease."

An Alarming State of Affairs
